

**STONEARCH CONDOMINIUM ASSOCIATION RULE  
REGARDING STORAGE OF TRASH AND RECYCLING BARRELS**

**PURPOSE:**

To sustain a neat and orderly appearance of the StoneArch Condominium Association common and limited common area property for the benefit of residents and visitors.

**EFFECTIVE DATE:**

October 22, 2021

**APPROVED RULE:**

No property owner living within the StoneArch Condominium Association (#1-45 Morgan Street, Windham, NH 03087) shall at any time leave their garbage and/or recycling barrels in a location that is visible except:

- Garbage and/or recycling barrels may be placed at the end of a homeowner's driveway the night before a scheduled trash collection day. Currently, trash is collected every Friday morning with recycling collected every other Friday morning.
- Homeowners should always make sure that their trash and recycling barrels are properly closed and secured when placed out for collection to avoid having materials carried away by the weather or animals.
- All trash and recycling barrels shall be removed from the end of a homeowner's driveway as soon as possible after the trash has been collected unless schedule, weather, or other unforeseen circumstances prevent this.
